CEREMONIES

timeless. intentional. sacred.

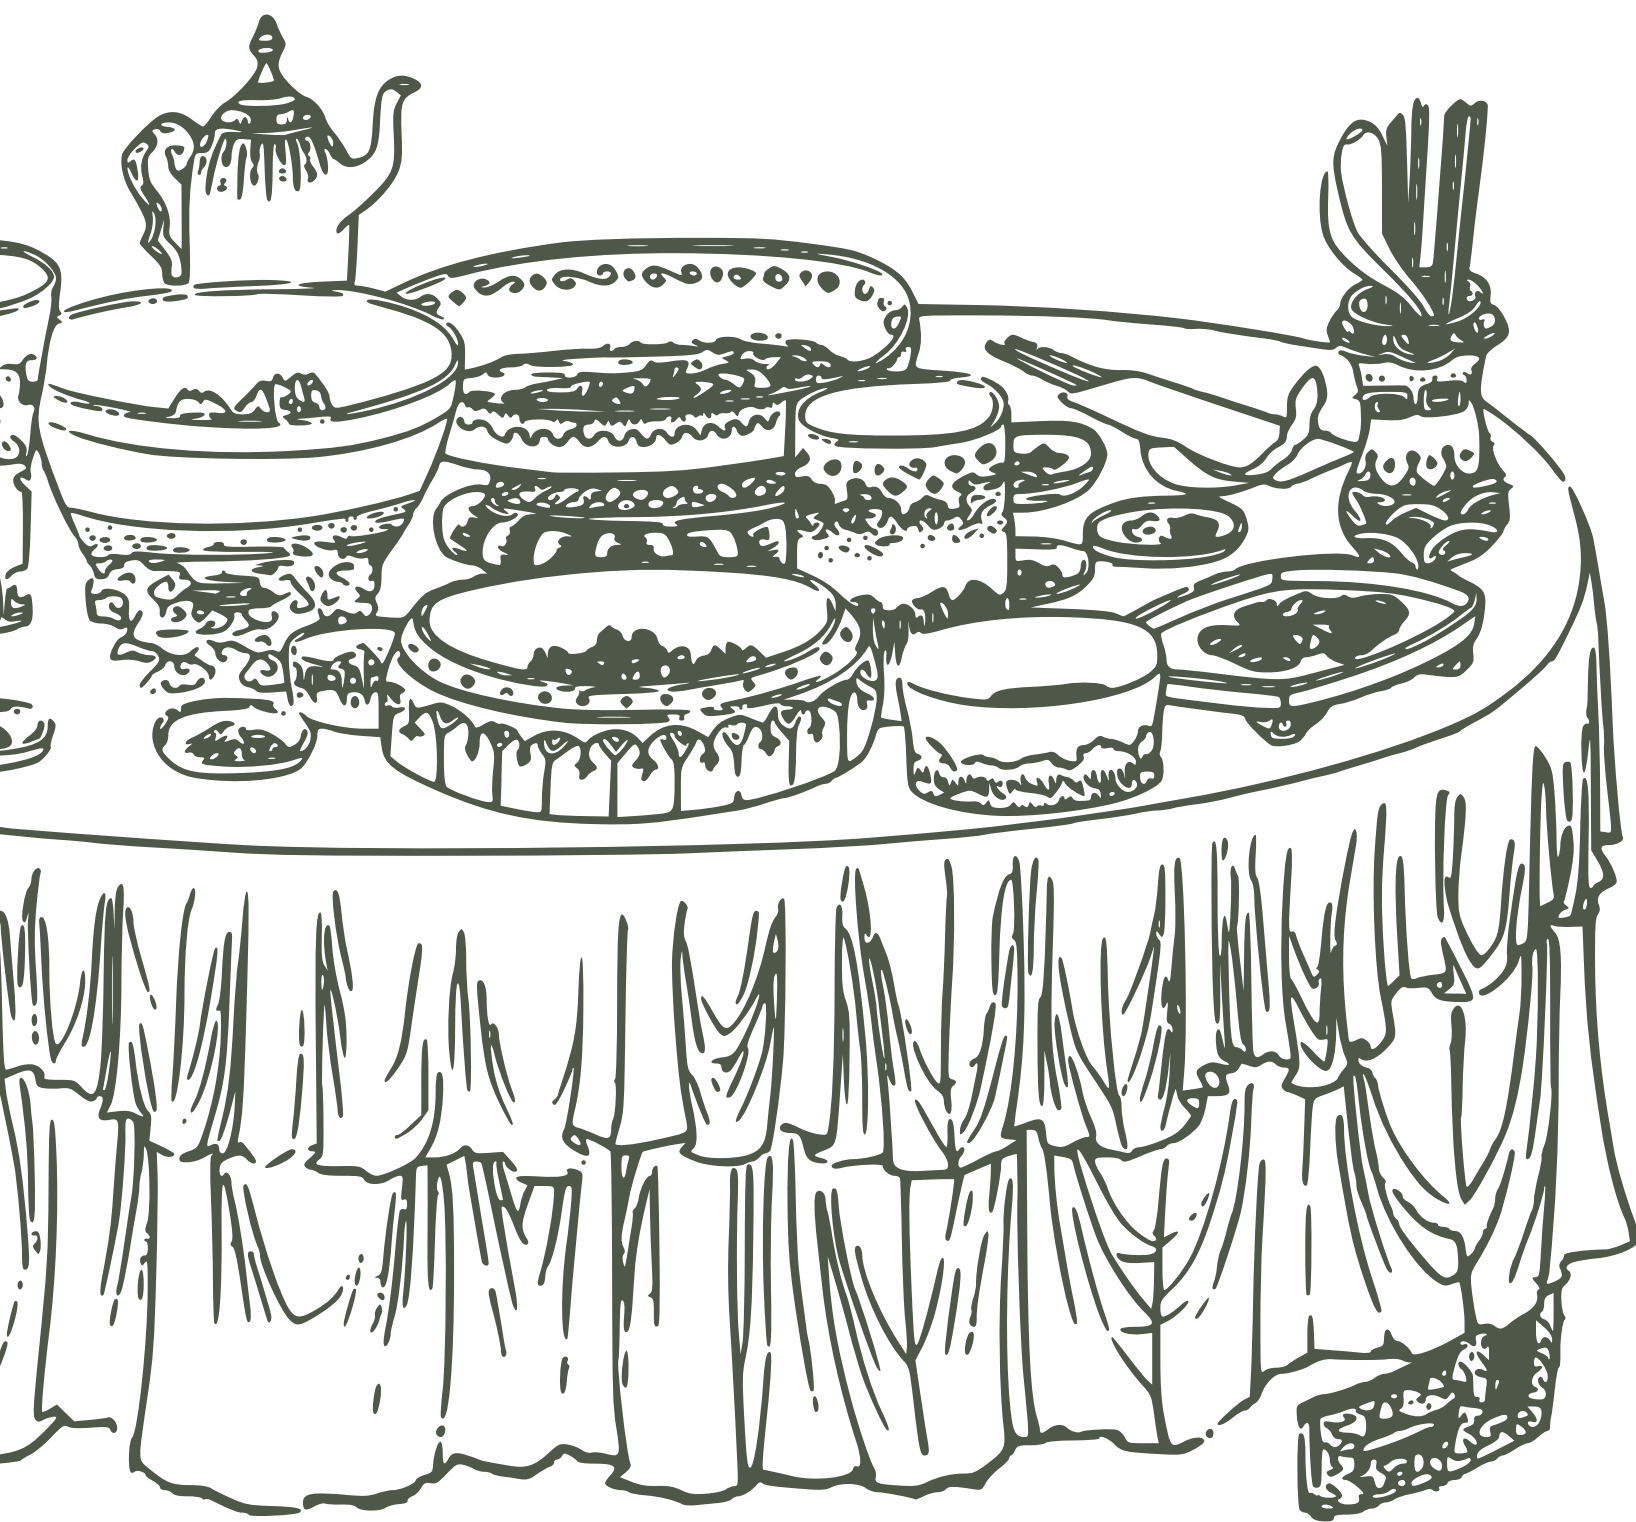

Your wedding deserves more than a script

Long before the age of tiktok trends and pinterest boards, ceremonies marked our **rites of passage**. They marked major changes, giving us reasons to **gather** and **witness** sacred moments being lived.

From intimate gathering to elaborate feast, my role is to craft a ceremony that reflects your unique relationship, values, and the story you're writing through union.

Curating a rite that feels unmistakably yours.

Celebration marks a day.
Ceremony marks your **forever**.

Make meaning with your day

Bring to life the **promises** that matter to you, the **traditions** that feel meaningful, and symbolic **elements** that represent the life you're building together.

The result isn't simply a wedding ceremony. It is an experience that feels deeply **personal**, emotionally **grounded**, & **remembered** long after the reception ends.

Our Ceremonies
